410-978-4856

Is the nominee a member of the Maryland ACEP Chapter?

No

2025 Chapter Awards Submission Form : Entry # 418

Please submit a brief narrative (500 words or less) describing the nominee's achievements, contributions, and impact on emergency medicine.

I've had the pleasure of knowing Adam Richardson for almost my entire clinical career. He is outstanding and absolutely deserving of this award.

Adam currently works as a Senior Nurse Practitioner II in the Adult Emergency Department at the University of Maryland Medical Center, where he additionally serves as the NP Education Leader. Clinically he is outstanding, and undoubtedly has one of the highest PPH counts in the department (if not THE highest). He certainly has an outsized impact on our flow metrics with his elite room-to-provider times and department leading provider-to-disposition times. But Adam's contributions go well beyond just his excellent clinical care and decision-making, and that's why I am adamant he is deserving of this recognition.

He serves as a primary resource for NPs on evidence-based clinical decision making in the emergency department and as a preceptor for NP & PA students as well as new NPs completing orientation. He disseminates current journal articles and medical education to the emergency nurse practitioner group.

He personally has over a dozen publications, including within Journal of EM, JACEP, and Annals of EM. He has served as an ad-hoc reviewer for multiple journals. He even has his own website summarizing the most recent literature in the field (chasingrosc.com) and has lectured at the University of Maryland Emergency Medicine Residency Conference ("Ticking Time Bombs in Fast Track").

In summary - his contributions go well beyond just his excellent clinical care. It is his leadership within the department, and his focus on bringing the most recent literature and innovative approaches to his team, that make him some deserving of Advanced Practice Provider of the Year.
